### WHAT MIGHT THE FUTURE LOOK LIKE?

## 09.05–09.55 - FUTURE OF LEGAL SERVICES

Professor Richard Susskind OBE KC (Hon) is the world's most cited author on the future of legal services. He is an independent adviser to international professional firms and national governments. He has been Technology Adviser to successive Lord Chief Justices of England and Wales since 1998' and is President of the Society for Computers and Law.

He has written ten books, including *The End of Lawyers?* (2008), *The Future of the Professions* (2015, 2022, with D Susskind), and *Tomorrow's Lawyers* (2013, 2017, 2023). His work has been translated into 18 languages, and he has been invited to speak in over 60 countries. In the mid-1980s, he wrote his doctorate in AI and Law at Balliol College, Oxford.

## 12.50–13.15 - GENERATIVE AI UNLEASHED: TRANSFORMING CORPORATE LEGAL TEAMS

Discover how Generative AI, a dynamic departure from traditional AI, is set to disrupt the world of corporate legal teams. Alistair Maiden, the visionary founder of SYKE, former legal director for ASDA, and a pioneer in legal tech, will guide you through this revolutionary journey, helping you understand not just what Generative AI is but how it will redefine the very essence of legal practice.

Founder and CEO **Alistair Maiden**, SYKE

## 13.15–13.35 - GENERATIVE AI MEETS LEGAL INFORMATION SERVICE EDILEX – REVOLUTION OR INCREMENTAL DEVELOPMENT?

Experiences on Generative AI pilot project. What we should aim for and what are the practical steps we should take to make lawyers daily life easier?

Business Manager, Editor-in-Chief, Edilex, **Altti Mieho** Edita

## 13.35–13.55 - TPRM DRIVING FUTURE RESILIENCE

The objective is to provide information on how organizations need the trust of customers, employees, investors, community members, regulators and more to create long-term value. Resilience – the ability to anticipate, prepare for, respond and adapt to a changing environment – is a prerequisite for building that trust, beyond the organizations own walls – along the value chain

Risk Consulting, EY Global TPRM Leader, Global Accounts, Senior Partner **Netta J. Nyholm**, EY

## 13.55–14.15 - HOW RELIABLE DATA IS THE FOUNDATION OF INTELLIGENT DECISIONS AND SMART GEN AI SERVICES

iManage AI is a powerful new AI engine built natively into its knowledge work cloud platform. As custodians of our customers' data, we firmly believe that knowledge curation and quality data sets are critical to the effective and ethical use of AI. Learn how iManage has focused their development effort on building powerful tools for curating the content that the AI engine can see, so that responses are relevant, accurate, and built on the best work product available at the organisation. We will also present how the iManage platform, combined with additional curated firm data, can be seamlessly and securely used for relevant Generative AI use cases in Custodian AI+.

Partner **Stefan Kim**, PSA Consulting

## 14.15–14.35 - HOW TO MAXIMIZE THE POWER OF AI AND LEVERAGE AI RESPONSIBLY

The buzz about all things AI (artificial intelligence) has taken the legal industry by storm. As with any new technology, it's important for Firms to be both thoughtful and strategic about their approach to best serve their employees and clients.

Join NetDocuments to learn what your Firm can do to maximise the power of AI, and how to leverage it responsibly at your firm – plus key things you should look for in vendors when making the critical decisions for your practice.
